

DECLARATION OF THE MONTH OF SYAWAL 1438H (2017) FOR SINGAPORE

According to astronomical calculations, the crescent for the month of Syawal did appear during sunset today for 17 mins. As such, I am pleased to declare that the first day of Syawal for the year 1438 Hijrah falls on **Sunday, 25th June 2017**.

I would like to take this opportunity to wish all Muslims in Singapore: “Selamat Hari Raya Eidul Fitri”. May Allah accept all our deeds throughout Ramadan and may we meet Ramadan again next year.

Thank you. Wassalamualaikum Wr Wb.
